

# Moving towards the integration

## 3 years of progress

**November 23rd / 3pm - 4.30pm (Brussels time) / 9am - 10.30am (US Eastern Time)**

*(This session is preceded by the PARADIGM Farewell ceremony (attendance on invitation)  
from 2.30pm to 3pm Brussels time)*

The Patient Engagement Open Forum 2020 is the 3rd event of this kind, co-powered by [PARADIGM](#), [EUPATI](#) and [PFMD](#). It started in 2018, small, yet with the ambition to provide a holistic perspective of patient engagement, the landscape and actors, and foster collaboration and co-creation while breaking down fragmentation and silos that are often present in patient engagement work.

In 2018, less than 100 people attended the event in person in Brussels, last year this number doubled! This year, more than 1500 people registered for this online edition!

The PEOF2020 edition was composed of 17 online sessions, of which 5 were organised by external contributors (CTTI, IMI Conception project, EFPIA with EFGCP, and National Health Council) and one dedicated solely to topics around regulatory aspects of patient engagement.

**During this final session, entitled ‘Moving towards the integration, 3 years of progress’, we will explore the progresses made in the PE in the medicines development landscape, how bridges were built, where integration happened, and what are the remaining challenges ahead of our community.**
